

How to Reset Password

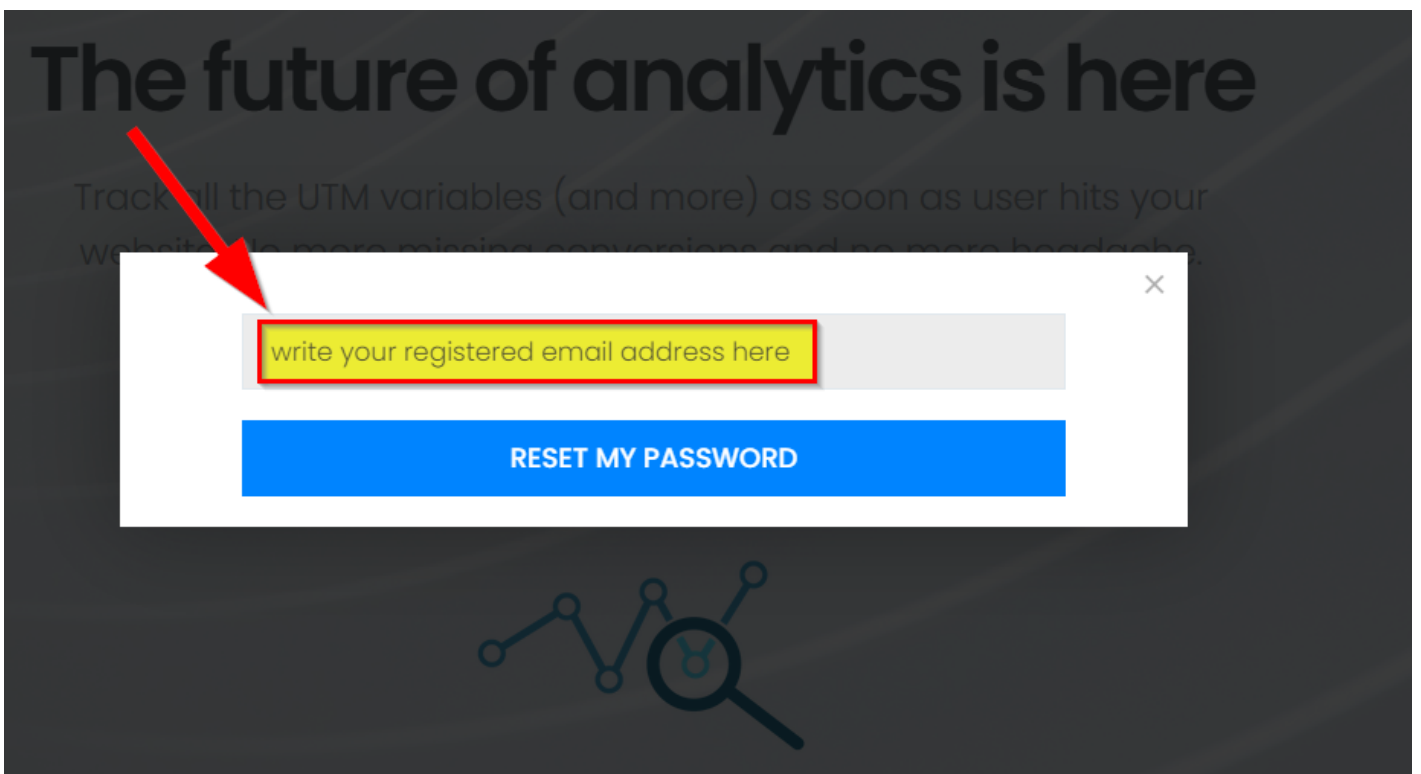

1. Click LOGIN

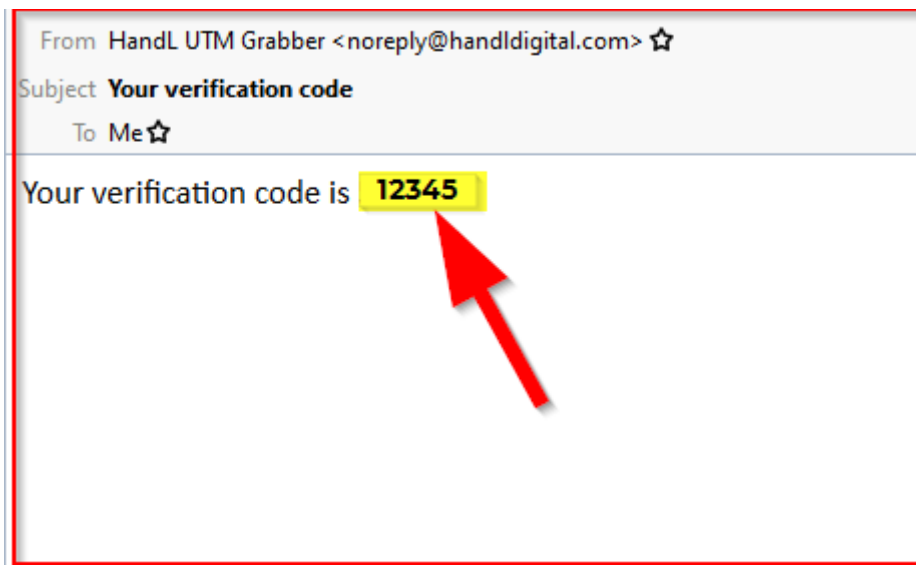

2. Click 'Forgot my password'

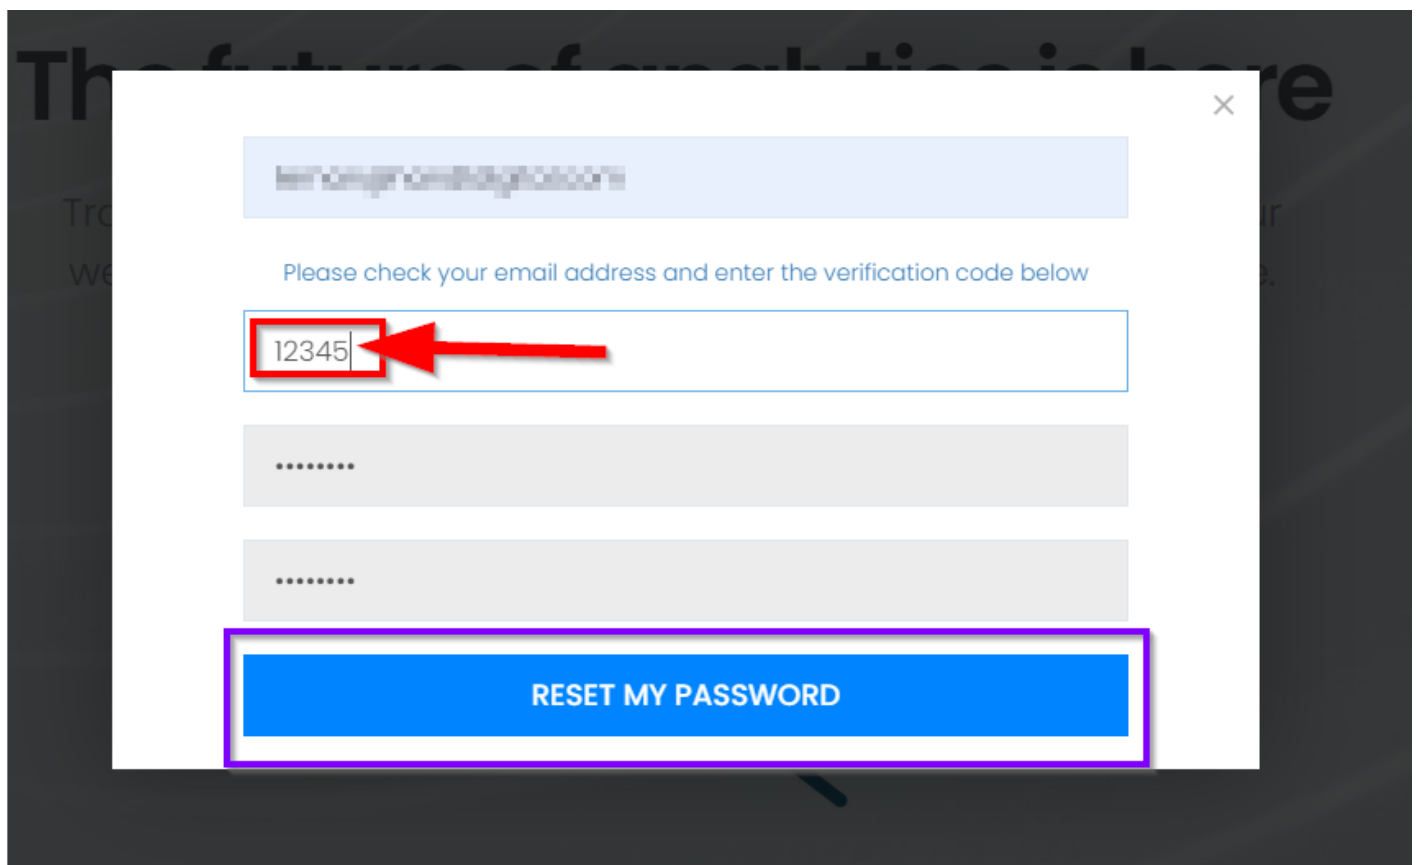

3. Write your registered email address and Click 'Reset my password' Button

4. Please Check your email address to have your verification code

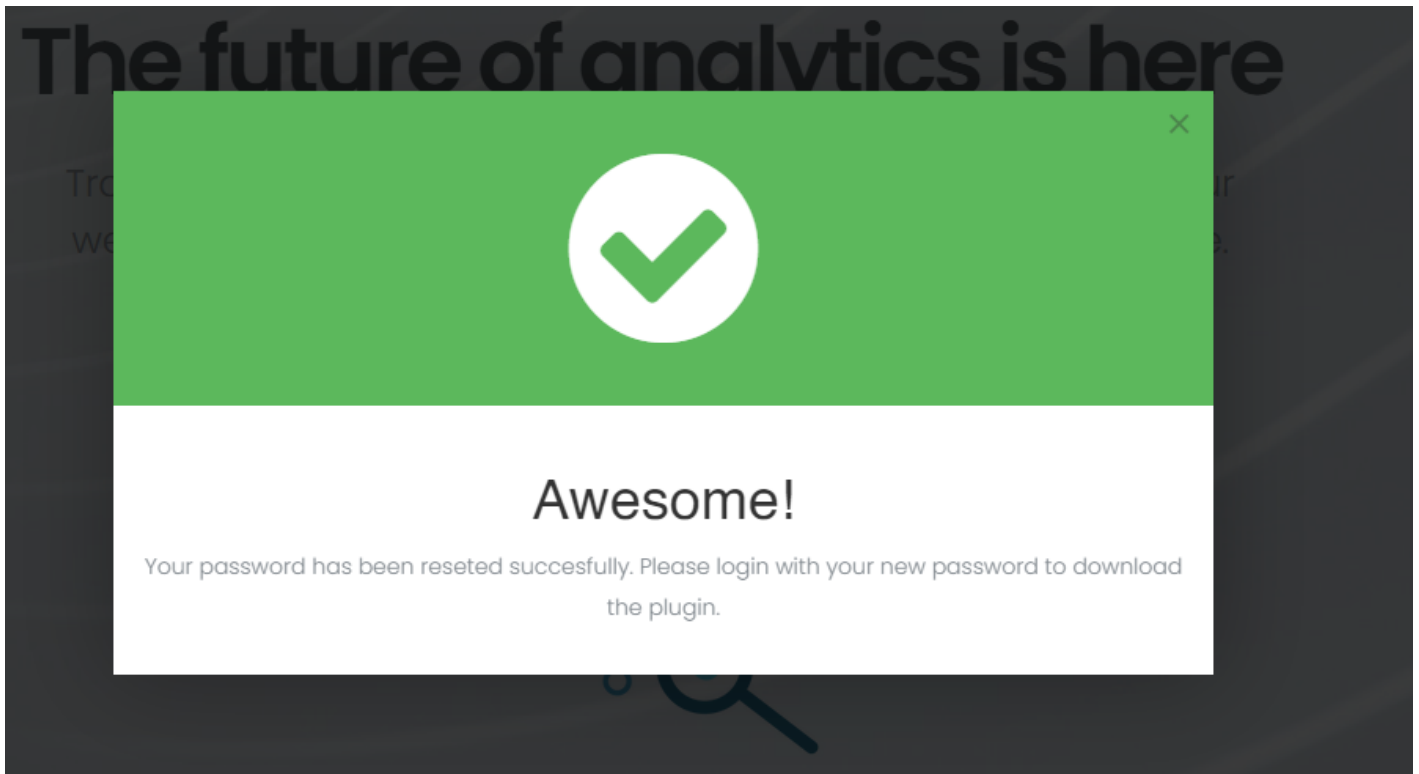

5. Write the verification code and set a new password then click the 'Reset My Password' button

A screenshot of a password reset form. At the top is a light blue header bar with a close button (X) on the right. Below it is a text input field containing a blurred email address. Underneath is the instruction 'Please check your email address and enter the verification code below'. This is followed by a text input field containing '12345', which is highlighted with a red border and a red arrow points to it from the right. Below this are two password input fields, each represented by a grey rectangle with seven dots. At the bottom is a large blue button with the text 'RESET MY PASSWORD' in white, which is highlighted with a purple border.

6. **Awesome! Your password has been reseted successfully.**

Please login with your newpassword to download the plugin.
