

How to update HandL UTM Grabber v3 plugin?

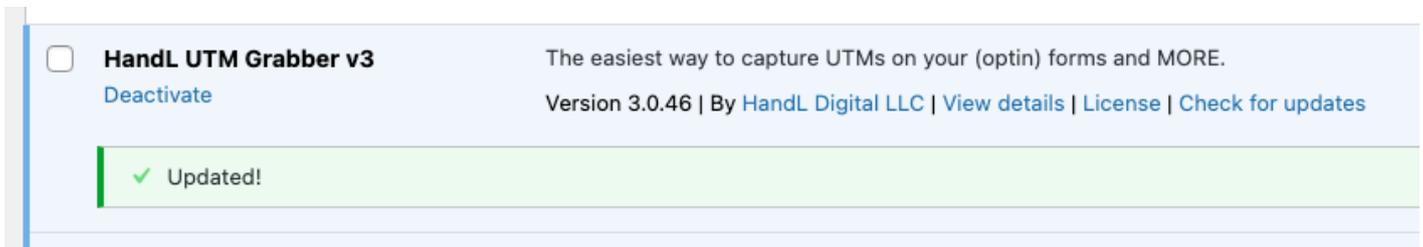

Method 1 (Easiest): From your WordPress plugin

Find "HandL UTM Grabber v3" in the menu and click "Check for Updates"

The screenshot shows the WordPress plugin interface for "HandL UTM Grabber v3". The plugin is currently at version 3.0.45. A red arrow points to the "Check for updates" link, which is circled in red. Below the plugin information, a yellow notification box states: "There is a new version of HandL UTM Grabber v3 available. [View version 3.0.46 details](#) or [update now](#)."

It will ask you to confirm, confirm the new changes and updates will be applied automatically.

The screenshot shows the WordPress plugin interface for "HandL UTM Grabber v3" after the update. The version is now 3.0.46. A green notification box at the bottom of the plugin card says "Updated!".

Method 2: From My Account Menu at utmgrabber.com

Login to your account at utmgrabber.com

Click your name at the top right of your screen and click "My Downloads"

And click download button, it will download the latest version of zip file for the plugin. You can upload the zip file to your WP via Plugin upload in WP
