

Piotnet Forms Integration

HandL UTM Grabber / Tracker How to collect and track UTM variables via Piotnet Forms step by step

- [Collecting UTMs in Piotnet](#)

Collecting UTMs in Piotnet

Assign custom classes for each field as it is shown above. Here we show only for utm_campaign, however this can be implemented for all the fields similarly.

Please see the list of parameters you can use here [Native WP Shortcodes](#)
